**No Fuss Here As Citizenry Respect Wish Of President**

By ED CREAGH

Gettysburg, Pa. (P)—One thing this proud but friendly battlefield town means to do, and one thing it is doing: Gettysburg is not getting into a dither over its eminent resident, Dwight D. Eisenhower.

You'll hear this determination started by just about all of the 7,300 people who have found themselves neighbors to the President. Mostly they put it something like this:

"We're glad to have Ike living here — delighted, in fact. We're proud he picked Gettysburg, out of the whole country, as the place to buy a farm. And, if you come right down to it, it looks as if he's going to be good for the tourist business."

Other Presidential Visitors

"But don't forget that Gettysburg was on the map long before any of this happened. We had a battle here — remember? And, much as we like him, Ike is not the first president to honor us with his presence."

Of course he isn't. Gettysburg — and the country — will not forget the day in 1863 when the lean, melancholy figure of Abraham Lincoln descended from a train (at the same grey-painted station still standing here) and delivered himself of a few words:

"Fourscore and seven years ago..."

Truman Got Lost

Other presidents have come to Gettysburg — every one since McKinley, in fact. One of them, Harry S. Truman, got lost on the back roads while making a quick, unofficial trip to the battlefield, and had a dickens of a time finding the place.

But Eisenhower is the first chief executive to take up residence here. He lives — all this week and most summer weekends — in the roomy, air-conditioned house he rebuilt a little south of the town, a stone's throw from where Pickett's charge carried the confederacy to a desperate hope of victory.

What does a town do when it finds a president in its midst, so to speak?

Suited Self To President

Gettysburg has done the tactful, dignified thing. It found out what

**PRIESTS SERVE ADAMS COUNTY PUERTO RICANS**

Puerto Ricans in Adams County will again have a special mass sung at Knouse lodge, near Bendersville, during the period when approximately 500 will be in the county to help with the crops, but at present about 60 of them are attending mass at St. Francis Xavier Catholic Church here using the local parochial school bus for transportation.

Plans for the spiritual program for the several thousand Puerto Ricans in the Harrisburg diocese have been made by Rev. Fr. Anthony F. Kane, pastor of St. Francis Xavier Catholic Church here, who was named this spring by Bishop George L. Leach as diocesan director for the laborers, who are preponderantly Roman Catholic.

Under the program Rev. Fr. John Radley, a Redemptorist priest stationed in Puerto Rico but now home on leave and residing at St. Clement's Mission House, Ephrata, is visiting farms in Lebanon, Lancaster, York, Adams, Franklin, Dauphin and Cumberland Counties where Puerto Ricans are located. Fr. Radley says special masses in churches in those counties, hears confessions and otherwise serves the Spanish speaking group.

Uses Tape Recordings

As a further aid he has made tape recordings of the Rosary and sermons which are played at various Puerto Rican camps each week to provide a special service for the workers.

About 200 of the workers are already in Adams County, the local Pennsylvania Employment Service estimated today, and about 100 more will arrive for the peach, tomato and apple harvest.

Rev. Mr. Andrew Fontanella, a seminarian from St. Charles Borromeo, Philadelphia, stationed at St. Francis Xavier here for the summer, has also been helping with the service for the Puerto Ricans, it was announced.

A special welcome to Pennsylvania in the form of a letter in Spanish from Bishop Leach has been distributed to the Puerto Ricans.

In addition to the Puerto Ricans approximately 275 migrant laborers from Florida are also engaged in farm work in the county, and a number of those also are attending Catholic churches in the area.

**Pennsylvania Alerted For Possible Hurricane Strike**

PHILADELPHIA (P)—Preparations to meet a storm—its dimension and danger still uncertain—went forward in Pennsylvania today as Keystone State residents and industries anxiously followed reports of the approach of hurricane Connie.

Forecasters flatly declined this morning to predict whether the force of the hurricane would strike the commonwealth. Northeast storm warnings ordered for the state pointed to the probability of winds and rain at the very least tomorrow.

That would be of some benefit to drought-parched areas of the state. Turbulence extending over an area of hundreds of miles outward from the "eye" of the storm seemed likely to bring the first general rain Pennsylvania has had in a long time.

**Mrs. Eisenhower Rests At Farm**

By MARVIN L. ARROWSMITH

GETTYSBURG, Pa. (P)—On advice of her physician, Mamie Eisenhower has been taking it easy—resting in bed at her country home here. But a presidential aide says the First Lady is "not ill—merely tired."

President Eisenhower himself disclosed yesterday that his wife was in bed, but he added: "She'll be all right."

Murray Snyder, assistant White House press secretary, told newsmen later in response to their inquiries:

"She is not ill. She is merely tired. She had a very active weekend—she had several guests and is just tired. You know, it was very hot up here."

Snyder said he was making his report after checking with Maj. Walter Tkach, assistant White House physician.

He probably will fly back to Washington from Gettysburg Thursday morning for a day of work at his desk, attend a Cabinet meeting Friday morning, then return to Gettysburg by plane. He probably will stay here until late Saturday or Sunday morning, then return to Washington to leave from National Airport for Colorado.

**BIG CROWD AT FAIR OPENING**

The Adams County Fair opened Tuesday evening with an estimated 2,500 on the grounds to set an opening night record that topped the 1954 mark. The fair continues through Saturday at the grounds between East Berlin and Abbottstown.

Martha Carson and her Country Gentlemen provided the entertainment on the first evening. Today and Thursday Swab's Dutch band and Roy Packard, comedy marimba player, are the headline entertainers. Mac Wiseman and his band from the Old Dominion Barn Dance will be featured Friday. On Saturday the Chordsmen will present musical numbers and LaBelle Ray circus will perform.

**BOND ISSUED TO PARAKEET "BY MISTAKE"**

Cyrano de Everhart, a parakeet owned by Mr. and Mrs. Richard Everhart, Rockville, Md., formerly of Gettysburg, may not know it yet but he is going to get the "bird" instead of the money.

Cyrano became "independently wealthy" in connection with the Gettysburg Fire Department's annual carnival. Some awards of U. S. Savings bonds were to be given and Mrs. Everhart, the former Jean Spangler, suggested Cyrano's name.

It was one of those selected for awards and Cyrano in due course received a \$25 savings bond secured through the Gettysburg National Bank.

Mrs. Everhart added in her letter to the bank that "At the moment I have the most popular and richest bird in Montgomery County, Md.," but expressed wonder whether she could have her name, or her husband's added to the bond—since Cyrano might not qualify as a full-fledged bond holder. Besides there is some doubt as to whether he could provide a valid signature, even through it should be easy for him to secure a quill pen.

Today The Gettysburg National Bank duly notified the federal government that the bond had been issued "by mistake" to the wrong owner and asking a change in the holder of the bond.

However the bank did not bother to explain to the government how it came about that the United States became a debtor to a bird—it was felt that officialdom would not appreciate the matter, even though Uncle Sam, with his debt, a \$25-bond is truly just "chicken feed."

**Two Gangs Clash**

The source said the eight or nine cars then sped back to East Berlin and after "racing around the square" at terrific speeds came to a halt near Shetter's restaurant, which is a short distance from the center of town.

**YOUTH GANGS IN CLASH AT EAST BERLIN**

Local State Police were continuing an investigation today into a disturbance early Saturday at East Berlin where a near riot is said to have developed Friday night in a crowd of about 100 persons, most of them teen-agers.

It was learned that when state police arrived on the scene, the small mob broke up and those remaining refused to supply the patrolmen with any details of what had transpired. However, an eyewitness said that at least two youths were injured during the disturbance created by the unruly crowd which grew in numbers throughout Friday night.

The trouble, witnesses said, apparently developed earlier in the week when a non-resident youth was collared by several East Berlin boys and asked if he "wanted to be dusted off."

Challenge Misinterpreted

The phrase it was said, is used as a challenge for a race in hot rod cars. It is believed the out-of-town boy misinterpreted it as a threat.

On Friday evening, two carloads of youths arrived in town and, after circling the "square" in East Berlin, stopped and reportedly five of them jumped out and accosted an East Berlin boy, inflicting an eye injury.

After this incident, they are said to have re-entered their cars and sped to a point near Farmer's Grove, which is between East Berlin and Abbottstown, where about six more cars loaded with youths were waiting.

**Receives Heifer, Boar**

Thomas Lawson King, 12, and Roberta Messer, 14, both of Galtersburg, Md., and both wearing their green and white 4-H Club jackets, presented a registered black and white, 13-month-old Holstein heifer and a few minutes later Minnesota swine farmers turned over to Ike the papers for a prize Berkshire boar.

The heifer was donated by W. L. King and Son of Irvington Farms, Galtersburg, Md., to the Montgomery County (Md.) 4-H Holstein Club and the 4-H Club gave it to the President. Registration and pedigree papers were turned over to the President by Ralph Walker, Galtersburg, president of the Maryland Holstein Breeders Association, also of Galtersburg. Ike was given a life membership in the association.

The heifer, whose name is Irvington Romiss Pear, was led by Roberta at the President's suggestion down to the pasture where she kicked up her heels after the halter was removed.

**Pleased With Gifts**

Then Ike invited Tommy and Roberta to walk down the meadow to his pond where he pointed with pride to the three wood duck and 36 mallards paddling about on its still surface.

Ike seemed greatly pleased with the gift and said: "I've got a 4-H pig already and now I have a 4-H heifer." He took a great deal of interest in information volunteered about the animal's breeding and diet.

Then the President, General Arthur S. Nevins, farm supervisor, and four others stepped into a shiny jeep with "Ike and Mamie" lettered in white on its olive fender and rode over to the former Brandon farm where the pig was presented.

The black and white boar, that will be six months old next Sunday and claims grand champion ancestors on both sides of the family, was unloaded from a trailer crate and driven into a pen in the barn after the long trip by plane from Minnesota to Harrisburg thence by trailer here.

**"He's Not Hungry"**

The formal presentation was made by Norris K. Barness, secretary of the Glenwood (Minn.) Chamber of Commerce in behalf of the Glenwood All-Breeds Association while Julius Hanson, who reared the pig, looked on. Hanson later was photographed with the President as they tossed a few ears of corn to the animal.

The pig's lack of interest in the corn led one of the Minnesotans to suggest that "he's not used to those little ears after the big ones he got in Minnesota." The President laughed but decided a few minutes later: "He's just not hungry, or he'd eat Pennsylvania corn."

Adolf Hogloss, president of the Glenwood All-Breeds Association, got in some of the pictures with the president and a framed map of the Glenwood area showing the location of the Hanson farm was handed to Ike by Barness.

**Rides With President**

Kent Marsh, 12-year-old son of an official of the Watkins Products Company that flew the pig east, rode with the President in the jeep on the trip to and from the Brandon farm.

Upon their return to the Eisenhower farmhouse, the President thanked the Minnesotans again and after a round of handshaking said: "Well, I'd better get to work."

Then he entered his office. Secret Service men kept newsmen on the outside except for five photographers—one of them E. Lawrence Bottiger for The Gettysburg Times—who made the photos of him signing the bills at his desk. (Hugh McIlhenny was there as a reporter for the Gettysburg Times.)

**Two workmen were mowing the lawn at the Eisenhower house and painters were applying the first coat of white paint to the former Brandon farm house to the south, now owned by General Nevins. Newsmen commented on the improvement in the appearance of that property since their last visit.**

## MATES TESTIFY SGT. GALLAGHER WAS CAMP BULLY

NEW YORK, (AP)—Testimony of former POWs has pictured an American sergeant as a prison camp bully who caused three deaths during a bitter North Korean winter.

The court-martial of Sgt. James C. Gallagher yesterday turned to the deaths of two fellow prisoners. Hutmates of Gallagher said he lost the sick and emaciated men out of the hut and left them to die in 40-degree-below-zero weather.

The case of a third prisoner who died after allegedly being beaten by Gallagher was told in Monday's testimony.

**First Such Charge**  
Gallagher, a tall, 23-year-old red blond with a boyish-looking face, is the only American ever tried on charges of having directly caused the death of GI prisoners in North Korea. He is accused of unpremeditated murder, which is classed as second degree, and of collaborating with his Red captors.

Witnesses against Gallagher, whose home is in Brooklyn, said he carried favor with the Reds and got warm clothing and extra food while they shivered in regular Army fatigue uniforms and were ill from malnutrition. They said they were too sick to oppose Gallagher when he allegedly threw John W. Jones, of Detroit, and Donald T. Baxter, of Waukon, Iowa, into the cold.

Walter J. Bollinsky, a 23-year-old former POW from Bloomsburg, Pa., said he knew the men were alive at the time because he saw them move.

**Wanted Inside**  
"Did you hear any of the prisoners say anything?" he was asked. Bollinsky answered: "No."

"I heard one ask to come back inside. Then Gallagher stuck his head out and said he wouldn't let him in until he went on a wood detail."

The next morning, Bollinsky testified, the men were stiff and dead in "approximately the same place they were the night before."

## Property Transfers

The following property transfers have been filed in the office of the register and recorder:

## Eisenhower Wants Reserve Bill Change

WASHINGTON (AP)—President Eisenhower says he'll ask Congress early next year to make major changes in the new military reserve program, which he signed into law yesterday.

Eisenhower said the measure, product of three months of congressional wrangling, "falls short" of his recommendation. However, he signed it a few hours before the deadline for presidential action because, he said, it will "definitely strengthen the reserve structure."

## 135 MILE WINDS WHIRLING ABOUT NEW HURRICANE

HATTERAS, N. C. (AP)—Hurricane Connie, her actions remarkably similar to last year's Hazel, was poised off the Carolina mainland today, threatening the entire East Coast. Winds up to 135 miles an hour raged around her center.

Her movements were erratic, her target on the mainland still in doubt.

She moved sluggishly at about seven miles an hour on a north-westerly course that would send her ashore in the near vicinity of Hazel's old wreckage. Her general makeup could cause equally as much damage—untold millions.

In its latest advisory, the Miami Weather Bureau said:

"The hurricane continues to move slowly and somewhat erratically but generally toward the northwest at about 7 m.p.h. at 5 a.m. (EST).

**Movement Is Slow**  
"It was centered near Latitude 31.2 North, Longitude 75.8 West or about 260 miles east-southeast of Charleston. Highest winds are still estimated 135 miles an hour over a small area near the center while hurricane winds extend 120 miles north and east and 50 miles southwest of the center. Gale force winds extend 300 miles to the north and east and 150 miles to the south."

"Movement will continue rather slow at about 7 m.p.h. probably toward the northwest for the next 12 hours. This movement if continued could bring the hurricane winds dangerously close to the coast of the Carolinas in several hours and all precautions should be continued."

**Warnings Are Displayed**  
"Hurricane warnings are displayed from Cape Lookout, N.C., to the Virginia Capes and north-east storm warnings elsewhere from Savannah to Block Island and there is a hurricane alert northward to Provincetown, Mass. All precautions should be continued in the area of warning display and all interests should remain on the alert for further advices."

In advance of her, gale-force winds whipped the seas into a frenzy, pounding the Carolina shores heavily at points freshly bulwarked after last year's three heavy blows. Tides were running abnormally high.

## Set Up R. C. Plan

Hurricane-hardened coastal residents watched the ominous storm flags that fluttered violently in steadily mounting winds all the way from Savannah, Ga., to the Virginia Capes and northward to Provincetown, Mass., and rushed preparations to meet the blow.

The Red Cross announced it had put its new "comprehensive coastal disaster plan" into effect in seven Carolina cities. Forty-one disaster specialists were assigned to eight towns—Charleston, S.C., and Wilmington, Elizabeth City, Washington, Morehead City, New Bern, Beaufort and Manteo, N. C.

## Some State Crops Are In Poor Condition

HARRISBURG (AP)—Cooler weather and low humidity are expected to help the growth of farm crops in Pennsylvania after what the State Agriculture Department described as one of the hottest weeks in more than 10 years.

However, the department said that crops in the eastern two-thirds of the state are still in "poor condition."

A weekly crop-weather survey showed that most of the eastern half of the state received an inch of rain or less during the week which ended Monday.

But temperatures averaged 80 degrees, 8 above normal and the rainfall averaged four-fifths of an inch compared with the normal one inch.

The report declared, however, that several days of soaking rain are still needed to solve the drought problem.

## "THOSE GOLDEN LETTERS"

I read them, over one by one... the letters old and worn... that date back to the golden time... when our true love was born... like flowers in the wilderness... they bloom each time I read... and though the words are ancient now... they fill my every need... for through them I relive again... the tender blissful hours... when you and I played love's sweet game... in our secret bower... you're gone but somehow as I muse... you're standing close to me... how wonderful the magic and... so it is from time to time... when life seems gray and cold... I read them over one by one... those letters penned in gold.

FEDERAL AVE.  
SEWER LINE IS  
ORDERED BUILT

Definite plans were made for the installation of a sewer line on Federal Ave. at the regular meeting of the mayor and commissioners of Emmitsburg held Monday night in the Fire Hall. The chairman of the Board of Commissioners, Wales Rightmire, presided over the meeting. Mayor Thornton W. Rodgers was absent on vacation.

The report of the secretary, treasurer and tax collector were presented by Town Clerk Louise Sebold and were approved as presented.

Council has been studying the installation of the sewer line on Federal Ave. for some time and the project would accommodate some half dozen homes there at the present and in the future. Prices have been checked and the work was ordered to begin in the near future.

The marriage of Miss Regina Mary Orndorff, daughter of Mr. and Mrs. John L. Orndorff, to James Richard Kelly, son of Mr. and Mrs. Francis P. Kelly, will take place on September 10 at

born, reported six deaths, three marriages and four births in the clan during the past year.

It was decided to hold the reunion next year at Bendersville in June. The date to be announced later.

## Saint Anthony's Shrine, Emmitsburg.

Mr. and Mrs. Frank J. Althoff, Emmitsburg, announce the engagement of their daughter, Mary Ruth, to Dallas E. McNair of Emmitsburg. The wedding will take place on August 20, at St. Anthony's Shrine, Emmitsburg.

The demand for telephone service in the Emmitsburg District has risen to such an extent that already the new phone exchange cannot accommodate patrons. It has been revealed. Erected just a few years ago, the demand for service had cramped the facilities of the exchange, and Manager Roger P. Heck announced this week that additional equipment is in process of being installed to give the continued uninterrupted service which Emmitsburg has enjoyed the past two years.

The increased facilities include 10 new switches and 100 new lines. It is expected that the work will be completed by August 12.

Chesapeake and Potomac Telephone Company officials say that the demand for service here has and that two additional toll circuits are being installed too.

**PHILADELPHIA (AP)—The South-eastern Pennsylvania Red Cross Chapter says its blood bank reserves are "dangerously low" and that it doesn't have enough blood now "to cope with any real emergency."**

A spokesman said yesterday that reserves for southeastern Pennsylvania and southern New Jersey are at the lowest level since the civilian program was initiated in 1949.

He appealed for donations at the Philadelphia center or at bloodmobile units scheduled for the various chapter areas.

**York Springs Man Promoted In Washington:** Largely through the efforts of Leighton C. Taylor, secretary to United States Senator Joseph R. It is announced by John Greene, acting public printer.

**Announcement:** Because of the severe drought that has threatened and damaged fruits and crops of Adams County during the past six weeks, the executive committee of the South Mountain Fair Association has deemed it advisable and to the best interest of the entire community to abandon plans for the Sixth Annual South Mountain Fair, scheduled for September 9, 10, 11, 12 and 13 of this year. The committee feels that the standard of previous South Mountain fairs could not be maintained this year because of the damage to fruits and crops by the protracted dry spell.

**Here And There:** Cheer up folks, this lack of water is serious, sure enough, but not nearly so bad as it has been hereabouts in years gone by.

In 1822 there was no rain of any consequence from the twenty-first of February, the day of a flood, until September, a period of more than six months.

Fountains which had been considered as perennial were dried up, history records.

Grinding was not done at one flour mill out of ten — and flour mills in those days were plentiful as gasoline filling stations are today; where grinding was not done, the demand for flour was not supplied. It's bad enough to have a scarcity of water so that we can't keep the flowers in bloom and the grass and shrubbery green, but just imagine going without our regular supply of daily bread as our forebears did in 1822!

## Today's Talk

**THE TRAGEDY OF NEGLECT**  
Sooner or later we all learn the consequences of neglect or some one thing, or perhaps of a dozen or more things caused by neglect. You have heard the old story of the horse who lost a nail from his shoe, and the tragic result. It always happens, where there is neglect.

Health neglected demands a heavy payment — and often it is a final payment. He who neglects his work soon has no work at all. We keep our friends by not neglecting them. In Hamlin Garland's beautiful tribute to motherhood, and parenthood, in a little book called "A Pioneer Mother" is to be found this statement: "To see an old father or mother sitting in loneliness and poverty dreaming of an absent son who never comes, is to me more moving than Hamlet or Othello. If we are false to those who gave us birth we are false indeed."

Imagine the joy of a father or mother who asks nothing in return for having born and reared a child, who repays in letters and appreciation throughout the years. But how tragic when no letters arrive and that mother and father sit in loneliness and sorrow. How little is the effort, and trifling the expense, to send regularly a letter of cheer and hope!

A friend of mine sent his son to Dartmouth College, where he made a fine record. The father went to see him graduate, and one of his teachers went to the father and said: "Just to have taught a son so brilliant and worthy as yours has been worth all the disappointments and losses of a teaching career."

Youth all too often neglects and forgets. If they only knew what goes through the minds of that father and mother of theirs. It might change all, and bring oceans of joy and happiness, where only sorrow dwelt. How we all neglect the simple and ordinary kindnesses in life, thoughtlessly, of course, but oh, what a return to all concerned when there is no neglect!

Tomorrow Mr. Adams will talk on the subject: "Rich Companionship".  
Protected, 1955, George Matthew Adams Service

**HOME RUNS**  
Time was a home run used to be Baseball's most thrilling feat to me.  
When one went flying from the bat,  
Upon the field I threw my hat  
And with the wild tumultuous throng  
I cheered the player, loud and long.

Time was that singles drew a cheer.  
Now commonplace such hits appear.  
A double was a mighty blow.  
A triple set all eyes aglow.  
Today the fans get up and shout  
Whenever anyone strikes out.

The ball leaves like a rifle shot.  
The weakest batter on the lot  
Can get a home run if he swings,  
And but a feeble cheer it brings.  
The home run thrill has passed away.

The boys made seven yesterday.

## CARNIVAL NETS FIREMEN \$2,500

Taneytown firemen voted to purchase some new tires and hose at their monthly meeting Tuesday evening at the Municipal Building. Four new tires will be bought for the Mack truck along with 600 feet of 2½-inch hose, and 300 feet of 1½-inch hose.

It was announced that the annual firemen's carnival, held earlier in the summer, cleared approximately \$2,500, which was a little less than in some years, but fire department officials said they were "satisfied" with the result. Consideration of the purchase of a new fire truck and a shelter for the carnival lot was postponed until the next meeting.

The firemen answered three alarms during the past month, but no damage resulted from fires in Taneytown. One call was a false alarm, one was a field fire in which there was no appreciable damage, and the third was to aid in the search of Jan Renaldi, two-year-old Littlestown boy who was found after an all-night search.

There were three ambulance calls last month, which was far fewer than average, according to officials.

## Yanks Lose To Boston To Drop Into Third Place; Chicago And Indians On Top; Boston Fourth

**By ED WILKS**  
The Associated Press

That American League pennant race is really a dilly. Where else could a team lose three straight to the seventh-place club, then win one from the fifth-place member and still edge upward into second place?

Cleveland did just that in its last four games. They blew a three-game set at Washington and dropped out of a virtual three-way tie for the lead, then moved up again with a 4-2 decision over Detroit last night.

The Indians took a half-game lead over the New York Yankees, beaten by Boston 4-1. The Chicago White Sox stayed half a game ahead of Cleveland with a 4-1 success at Kansas City.

**Herb Score Wins 11th**  
Fourth place Boston was 1½ games behind Chicago.

Four runs in the second inning got the job done for the Indians, who combined a pair of walks, two singles and Gene Woodling's double to beat Ned Garver and the Tigers in the opening game of a vital three-game set for Detroit. The Tigers now are 8½ games behind the White Sox.

Rookie Herb Score won his 11th, with Ray Narleski wrapping it up in the seventh after two unearned runs had come across.

**Pierce Checks A's**  
Southpaw Billy Pierce took over for the White Sox, checking the Athletics on two hits—both by Bill Wilson, who banged a homer with two out in the ninth. Pierce contributed a run-scoring single ahead of Minnie Miñoso's two-run triple as the White Sox shelled Bobby Shantz with three runs in the second.

Boston powered past the Yanks on homers by Billy Klaus and Grady Hatton while Willard Nixon was down what comes naturally—scattering six Yank hits for his fourth victory in five decisions against the New Yorkers this season.

The two homers and a single were the only hits Boston got off loser Whitey Ford until the ninth. Then a single and Nixon's double made it 4-1.

**Senators, Orioles Split**  
Bill Wright four-hit Washington for a 1-0 Baltimore victory in the first game of a two-night pair; then Roy Sievers homered twice for four runs in a 6-3 Nat success in the nightcap.

In the National, Brooklyn stayed 14 games out front with a 3-2 decision over New York in 10 innings; Milwaukee smacked St. Louis 6-2; Philadelphia clung to fourth with a 9-1 pasting of Pittsburgh; and Chicago beat Cincinnati 4-3.

**10th Win For Spahn**  
The Dodgers spotted the Giants two runs in the first inning on Willie Mays' 36th homer, then nipped Ruben Gomez in the sixth and seventh to tie it. Reliever Marv Grissom loaded the bases, then walked home the clincher in the 10th.

Warren Spahn, who was 19-10 this time last year, snared his 10th victory against 12 defeats by dumping the Cards to their 10th defeat in 11 games. Stan Musial homered with a man on for his 999th extra-base knock.

The Phils stayed a half game up on the Cubs as Bobby Morgan knocked in four runs with a homer, triple and single against the Pirates. Chicago managed to edge the Redlegs with an unearned run in the sixth, after a three-run first.

## White Team Wins Without Incident

ORLANDO, Fla. (AP)—Without incident white and Negro teams met in the Florida Little League baseball tournament yesterday and the white team won, 5-0.

The Negro team from Pensacola, which got into the state tournament at the direction of national Little League headquarters and over protests of the Northwest Florida district director, was nervous at the start of its game with Orlando.

While there were mixed races on the field—the first time at the city-owned park—segregation continued in the stands.

A crowd of about 750, including some 125 negroes, applauded when the Pensacola team took the field and whenever the Negro boys made good plays.

**By THE ASSOCIATED PRESS**  
Pitching — Willard Nixon, Red Sox, tumbled New York for the fourth time in five decisions this season, scattering six hits and fanning five for 4-1 victory in opener of crucial series.

Hitting—Bobby Morgan, Phillies, drove in four runs with homer, triple and single in 9-1 pasting of Pirates.

## Holds 11-Stroke Lead In Tourney

PHILADELPHIA (AP)—Leona Sayre, Plymouth, held an 11-stroke lead over her nearest competitor in the Pennsylvania Girls' Junior Golf Championship at nearby St. Davids Golf Club today.

Miss Sayre scored an 80, for a 36-hole total of 166. Her two closest competitors, Janice Butler, Berkshire Country Club, and Cynthia Sullivan, Harrisburg Country Club, slipped further off the pace with an 87 and 91 respectively. Both had 90's Monday.

The players teed off for the final 18 holes today.

## DILLSBURG WINS LEAGUE GAME

Dillsburg, still clinging to a mathematical chance to make the West Shore Twilight League playoffs upset Army Depot, another fourth place challenger, Tuesday evening, 6-4, while Lemoyne and Enola battled to a 3-3 tie.

In other games, Lieburn defeated West Fairview, 5-4; Mt. Holly edged closer to clinching first place with an 8-1 victory over Mechanicsburg, and New Cumberland routed Duncannon, 13-4.

Doubles by Lloyd Heighes and Bob Prosser sparked a three-run spurge by Dillsburg in the first, and Clyde Flohr's two-bagger paced a three-run second inning outburst. Clarence Murphy homered for Army Depot as the soldiers scored three times in the third.

## ALL-STARS TRY UPSET TACTICS FRIDAY NIGHT

**By JOE MOOSHL**  
CHICAGO (AP)—The college all-stars will fight fire with fire when they meet the Cleveland Browns Friday night. On the arms of some of the nation's top quarterbacks ride the possibilities of an upset.

After last year's 31-6 loss to Detroit, fourth straight suffered by the stars, sponsors of the game finally decided the pros couldn't be beaten without an efficient passing attack.

The late Arch Ward, sports editor of the Chicago Tribune and originator of the game, announced after the defeat that the stars would employ professional coaches in the future.

Curly Lambeau, football pioneer at Green Bay and later coach of the Chicago Cardinals and Washington Redskins, was named to the job.

**Browns Favored**  
Lambeau and his pro assistants decided to pick out the players they wanted. They selected big, fast linemen; hard-hitting, good-blocking fullbacks; and halfbacks who can do everything.

In addition, they named five quarterbacks, including All American Ralph Guglielmi of Notre Dame; Dave Leggett, the brain trust who led Ohio State to a national championship; Paul Larson, California's pass master; Oregon ace George Shaw; and Tom Carey of Notre Dame.

If the stars do upset the Browns, who are favored by 12 points, it will be with passing. Hank Anderson, former Chicago Bear line coach who is one of Lambeau's assistants, said, "You can't score on the ground in pro football unless you're lucky. You have to throw touchdowns."

Elsie Leer is residing with Mr. and Mrs. Calvin Leer and is now able to get around the house.

The Chestnut Grove Lutheran Sunday School held a picnic last Saturday at Caledonia. There was a good attendance. After the picnic they had ball games and contests. The Methodist Men's group of New Oxford and York Springs churches held their regular meeting at the home of Merle Miller. They have pulled approximately 150 dozen ears of sweet corn this week off their "Lord's Acre" project. Anyone desiring corn can get it by notifying Donald Miller and Rev. Amos Meyers.

**ATTENDANCE MARK IS BROKEN BY A'S**  
KANSAS CITY (AP)—The Kansas City Athletics last night easily broke the all-time home attendance record of 945,078 set in 1948 when the A's were located in Philadelphia. A crowd of 24,383 turned out last night for the A's - Chicago White Sox game, bringing the season's home attendance for 50 dates to 961,555.

## Finals Tonight In Doubles At Rec Park

Lloyd Benner and Dick Cogley will face Ed Hirschmann and Hugh McIlhenny at 6:30 o'clock this evening in the doubles finals of the Recreation Association Tennis Tournament.

Benner and Cogley reached the finals with an impressive win over Sid and Rod Steinour in the first round and a default by Helen McIlhenny and Rachael Heldt in the semifinals.

Hugh McIlhenny and Hirschman ousted Jim Gilbert and Glenn Weishaar in their first match and John Oouser and Dale Fohl in their second.

## BASILIO AND SCORTICINI FIGHT TONIGHT

NEW YORK (AP)—Welterweight champion Carmen Basilio swaps his fishing rod for boxing gloves tonight when he faces Italy's Italo Scorticini in a non-title 10-rounder at Madison Square Garden.

The 28-year-old 147-pound king, who since he lifted the crown from Tony DeMarco two months ago, is a 3-1 favorite to whip the stocky middleweight in their third meeting.

ABC will broadcast and telecast at 9 p.m., EST.

**Wants To Extend Streak**  
Basilio has been taking bows and loafing since he stopped the hard-hitting DeMarco in the 12th round of a dramatic scrap in Syracuse June 10.

Now fully rested and recovered from that blistering battle, Basilio begins cashing in on his laurels. He'll probably have another couple of nontitle tilts before he risks his crown against either Johnny Saxton or DeMarco in October or November.

Craggy-faced Carmen will be out to run his unbeaten streak of 23 months to 13 fights. Included in the skein are a draw with Scorticini and a 10-round decision over the 25-year-old Italian.

## U.S. HAS CLOSE LEAD IN TAM GOLF TOURNEY

**By JERRY LISKA**  
CHICAGO (AP)—It might not make a particle of difference in the \$100,000 World tourney starting tomorrow, but national golf prestige is at stake in Tam O'Shanter's international matches which close today with a promised dogfight.

In yesterday's opening round of the Tam version of the Ryder Cup matches, an eight-member United States team nudged to a 2½-1½ lead over a foreign team in four-some competition.

The same 16 players pair off today in eight matches which may produce as close a finish as last year's opening international competition resulting in a 6½-5½ American victory.

This sideshow which serves as a free admission lure between last weekend's All-American and the rich World with its \$50,000 cash first prize will have these windup pairings:

**Ford Opens**

Doug Ford, national champion and new All-American winner, vs. Roberto de Vincenzo, an Argentine registering from Mexico City. Leo Biagetti, Willoughby, Ohio, All-American runner-up, vs. Kel Nagle, Sydney, Australia. Jimmy Denaert, Kiamasha Lake, N.Y., vs. Stan Leonard, Vancouver, B.C.

Ted Kroll, Utica, N.Y., vs. Yoshiro Hayashi, Tokyo, Japan. Freddie Haas Jr., Claremont, Calif., vs. Angel Miguel Gutierrez, Madrid, Spain.

Tony Holguin, Midlothian, Ill., vs. Peter Thomson, Melbourne, Australia. Jay Hebert, Woodmere, N.Y., vs. Rudy Horvath, Canada.

**Winning Meets Cerda**

Bo Winger, Oklahoma City, Okla., vs. Antonio Cerda, Buenos Aires.

In yesterday's play, Ford and Biagetti got a surprise 3 and 2 drubbing from Gutierrez, the Spanish champion who doesn't speak a word of English, and Thomson. Demaret and Haas beat Horvath and Cerda 6 and 4, and Kroll and Holguin beat De Vincenzo and Nagle 5 and 4.

The fourth match was a deadlock between America's Hebert-Winger team and the Leonard-Hayashi duo, giving each squad a half point.

## Taneytown MAKE STUDY OF INTEGRATION

Plans for the integration of Negro and white students in the Carroll County schools make little effect on the Taneytown area.

E. O. Weant Jr., Westminster attorney who heads the committee which is studying integration plans, stated in a letter to The Gettysburg Times that "the Taneytown District has only one or possibly two Negro families therein. All Negro pupils in Carroll County are furnished with transportation to adequate facilities at either Robert Moton School in Westminster or Johnsville in Frederick County."

He added that the committee will make its recommendations to the Board of Education "as soon as an intelligent appraisal of the problem can be made and a workable plan formulated." He also said that any plans or reports of the committee would be made to the Board of Education, and any information as to them would have to come through the Board.

Weant was appointed chairman of a citizens' committee to study the problem by the Board of Education last month. Following the Supreme Court's decision of last May, in which school segregation was declared illegal, Maryland Attorney General C. Ferdinand Sybert requested each county to formulate plans for the ending segregation of white and Negro students in its schools.

Payne was serving a term of 15 years for assault with intent to rob and assault with a deadly weapon. He was described as a 25-year-old Negro, 5 feet 7 inches tall, weighing 138 lbs. He

Last night's brief session closed, however, with no conference being staged.

## TWO BROTHERS ARE UNDEFEATED IN TENNIS PLAY

Sid and Rod Steinour, brothers, the only teen-aged tennis players left undefeated, will play this evening at the Recreation Field. The winner will enter the finals, while the loser will drop to the loser's bracket of the double-elimination tournament.

In matches Tuesday evening, Sid Steinour defeated Hugh M. McIlhenny, 6-1 and 6-2, while Jim Gilbert downed Rolfe Johnson, 6-3 and 6-2. John Wheeler won the first set from Dave Weimer, 7-5, when the match was halted because of darkness.

Three forfeits were called, due to players being out of town. Rod Steinour was given a win over Ed Nowicki by default, Gilbert a win over Glenn Welschaar, and McIlhenny a win over Nowicki.

In addition to the Steinours playing this evening, Ralph Kessel will oppose Ken Mummert, and Wheeler and Weimer are scheduled to finish their match. Jack Kunkle is slated to meet the winner of the Wheeler-Weimer match this evening. Don Moser will play the Kessel-Mummert winner Thursday.

Teams 1 and 2 tied for the championship in the scavenger hunt held Tuesday evening at the "rec" field. Team 1 consisted of Wayne Schultz, Don Baker and Brother Wansel, while team 2 was Mary Ellen Bosley and Sandra Riley.

The next "rec" dance is scheduled for Friday evening, beginning at 8:30 o'clock, with music supplied by phonograph.

## LITTLE LEAGUE SERIES OPENS

WILLIAMSPORT, Pa. (AP)—Two Little League teams from opposite ends of the state primed for their meeting today in the first game of the ninth annual state elimination tournament.

Morningside, Allegheny County, and Pittsford, Luzerne County, squared off for this afternoon's tilt to be followed by an evening contest between Morrisville, Bucks County, and DuBois, Clearfield County.

The eight teams competing in the tourney are sectional champs seeking the state crown and a chance to represent Pennsylvania in the Little League world series beginning at Original Little League Field Aug. 23.

Action in the state tourney continues tomorrow when Oil City and Suburban National of Harrisburg oppose each other in an afternoon game. Wellsboro and West Newton, Westmoreland County, play in an evening contest.

The semifinal game will be held Friday and the championship will be decided Saturday afternoon.

The eight finalists represent the cream of some 423 Pennsylvania Little League teams.

Last year's crown was won by Mastown. Only one team—Lock Haven—has won the tourney two years, 1948 and 1949.

was sentenced April 23, 1948 in Washington.

Football equipment will be issued and physical examinations given to the candidates for the 1955 football squad at Delone Catholic High School, McSherrystown, Sunday afternoon at 2 o'clock. Head Coach Alex Bell announced today.

Coach Bell, starting out at the job this year, told newsmen that "it will be awhile until I give any information on the boys." He plans to put in an entirely new system, using the "T" formation for the squad.

"The system will be new to the boys and we can expect that naturally there will be a period of time before anyone will know just how the team will shape up. The boys however will be willing and eager to learn and while we will have our work cut out for us for a period of time, I think that after a week or so of practice we should have a good idea of how things are working out," Bell added.

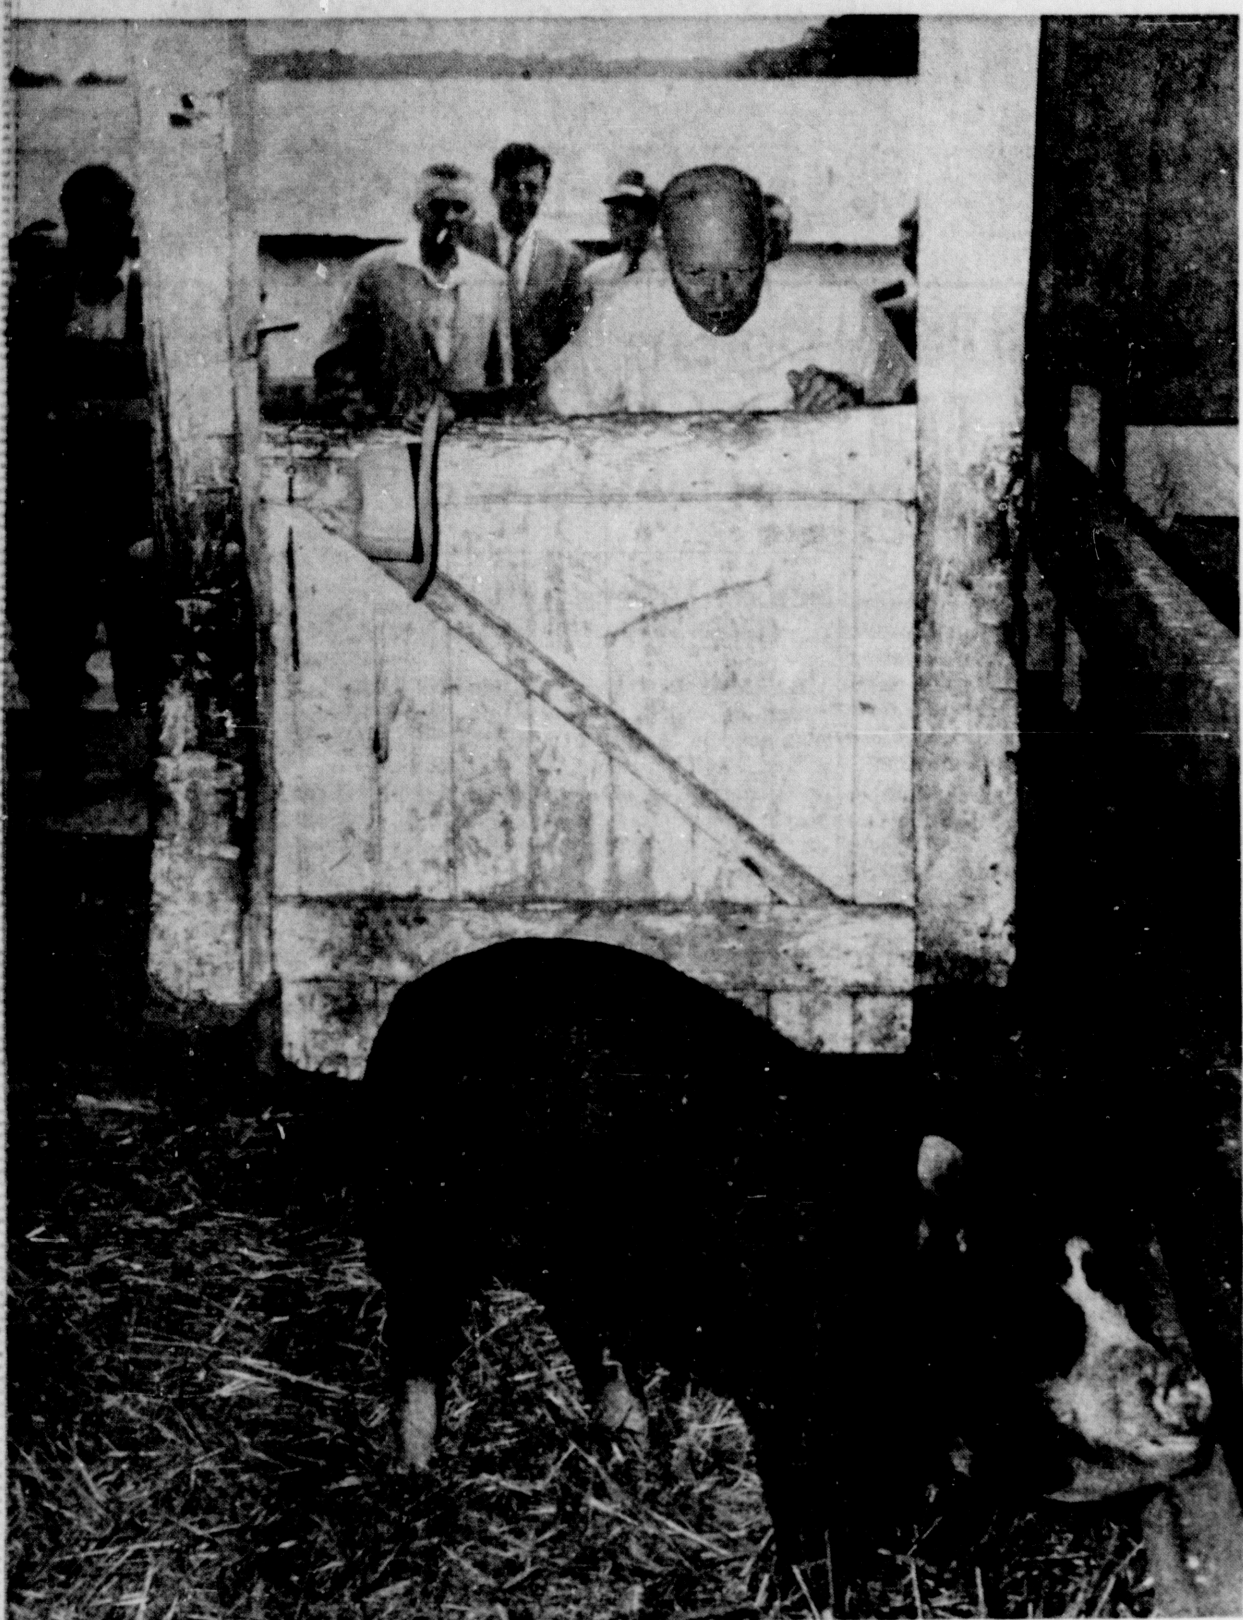

**Seek One Game**  
The team will be lining up for uniforms and examinations without a full schedule. Nine games have been lined up, but Bell, as director of athletics, is still seeking a game for November 4, at present an open date on the McSherrystown school's schedule.

All games will be played at night with one exception, York Catholic, on October 16. That game will be played at 2:15 o'clock in the afternoon.

**The schedule follows:</**

## Hoover, 81, Dedicates Home As Nat'l Shrine

NEWBERG, Ore. (AP)—This Willamette Valley town today helped Herbert Hoover celebrate his 81st birthday.

Hoover comes to Newberg, where he lived as a boy some 70 years ago, to speak at the dedication, as a national shrine, of the cottage which was his home.

The former President, spry and fashionable in a new straw hat, arrived by plane in Salem, 30 miles south of here last evening. He was 18 hours ahead of schedule because he wanted to get plenty of rest for the big day. There was no official reception in Salem because only a few friends knew he was arriving early.

## No Fuss Here

(Continued from Page 1)

The President wanted, then gave it to him.

It made him welcome at the Presbyterian Church, where Lincoln worshipped that memorable day in 1863. It opened up the Gettysburg Country Club to him, and most good days see the President happily careening over the golf course in one of the colorfully painted electric go-carts which the club just happened to buy after it found out he liked them.

Gettysburg enjoys having Mamie Eisenhower drop in for a bout of shopping at the five-and-dime. It hopes the day will come when her husband will have more time for community affairs. But it understands, too, his visits these days don't leave much time for such events as Lion's club luncheons or corn-and-wienie roasts.

## No Porch Peckers

So Gettysburg's attitude today is, for the most part, to give the President a smile and a wave and then to forget about him. The town knows he likes it that way. The town rather likes it, too.

Some folks here have worked up a lather over a report, published recently in a magazine, that the porches of houses overlooking the golf course are in demand as balcony seats when the President is playing.

Reporters and photographers playing behind the President checked on that one last weekend. The verdict: not a pecker on any porch. The President's total gallery on the last green consisted of three women and one little girl who wandered down from the swimming pool in bathing suits.

### Takes President in Stride

Another example of how Gettysburg takes Eisenhower in stride: One weekend the President was playing with the club pro, Dick Schleicher. A newcomer approached Melinda Hauser, the pretty little lifeguard at the club pool, and asked which of the golfers was the President.

"Oh," said Melinda casually, without looking up, "he's the fellow that's playing with Dick."

## CASHMAN CLAN HOLDS REUNION

The 25th annual Cashman reunion was held Sunday at Pines Church and Community Hall, with 125 in attendance. President Ray Epley, New Oxford, presided. Edward Weikert Jr. was the speaker. Arthur Weaver gave the genealogical report and displayed genealogical charts, pictures, old deeds and other family items.

Prizes awarded included: Mrs. Ira Herman, Long Island, N. Y., the oldest lady present and farthest traveled; youngest married couple, Mr. and Mrs. William Cashman Jr.; youngest present, John Hoover.

Ray Epley was re-elected president, Charles Cashman, Taneytown, first vice president for his 26th consecutive term, and William Cashman Sr., New Cumberland, second vice president. Secretary Miss Vergie Musser was re-elected for her 26th consecutive term. Others elected were assistant secretary Mrs. E. W. Weaver, treasurer Lawrence Fidler, genealogist Arthur Weaver, assistant genealogist Dr. W. R. Bell, Frederick, Md., and historian, Rev. Charles Shull, Frederick, Md.

## ENTERTAINERS FACING PROBE

WASHINGTON (AP)—Chairman Walter (D-Pa.) said today he expects the House Un-American Activities Committee to find "a lot of people in the entertainment business who've been Communists" and who have used their "large incomes" to further Red causes.

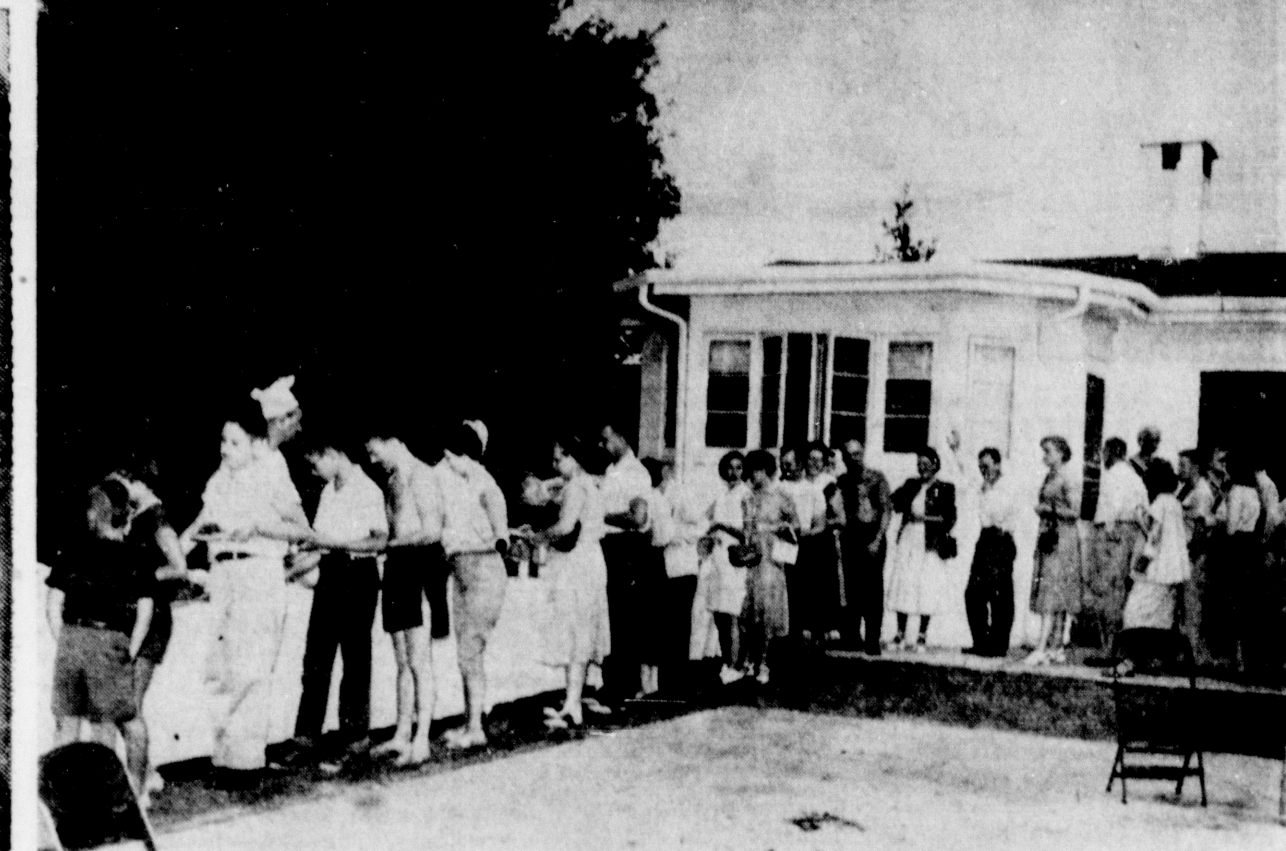

Walter, in an interview, listed 27 actors, writers and other Broadway figures a subcommittee plans to question at weeklong hearings beginning Monday in New York City.

Among those he named were Stanley Prager, actor-director appearing in the Broadway musical "Pajama Game"; Sam Jaffe, film and stage actor; Jerome Chodorov, writer of the stage and screen versions of "My Sister Eileen"; Lou Polan, a feature player in the Broadway comedy "Bus Stop"; Zero Mostel, television and stage comedian; Ivan Black, advertising and publicity man; Joshua Shelley, a musical comedian in "Phoenix '55" now playing here.

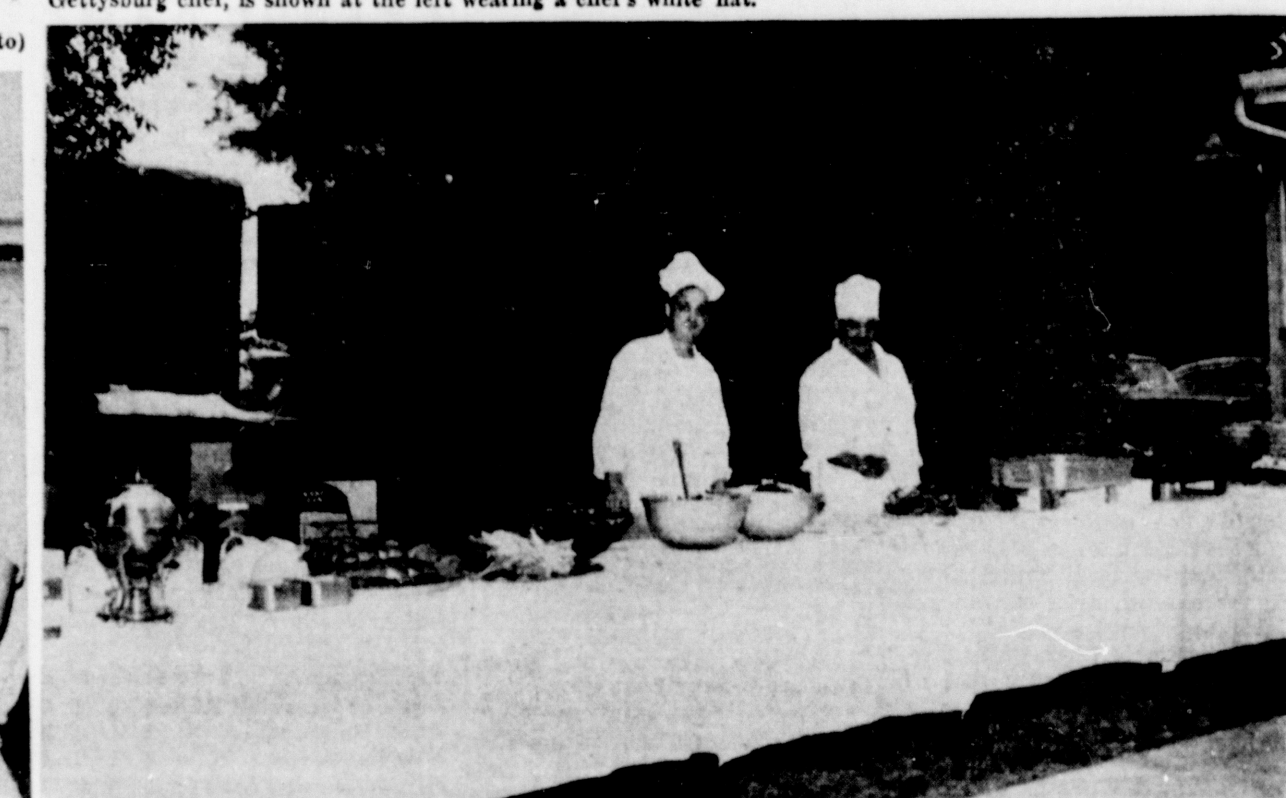

Walter said the House group "is concerned with only one problem. The extent to which the Communist party is active in the entertainment media."

He emphasized the inquiry is not directed at the entertainment world itself.

HARRISBURG (AP)—Gov. Leader left by plane today for Chicago to attend the annual governors' conference. He was accompanied by Mrs. Leader and Thomas K. Hodges, the governor's press secretary.

Part of the more than 140 persons who attended The Gettysburg Times picnic Tuesday are shown passing by the food laden tables for the picnic supper of fried chicken and baked ham. Allen M. Sprankle, Hotel Gettysburg chef, is shown at the left wearing a chef's white hat.

during the hour or more they spent at the farm. Some farm publications had photographers there, too, and there were a dozen or more newspapermen on hand to watch the proceedings. There was no formal press conference and the only questions addressed to the conference concerned the farm and its operation.

As soon as the picture-taking was over, the photographers took off for Harrisburg or Washington or sent them there by motorcycle messenger or airplane to get the "shots" ready for evening television shows in the east or for late afternoon papers on the west coast via wire-photo.

BOSTON (AP)—Five cases of polio were reported today among 114 boys attending a summer camp at Middleboro, Mass.

The report came as the 1955 polio total in the six New England states rose to 1,189 compared with 240 in the corresponding period last year. The disease has taken 34 lives.

Dr. William Fishman, director of Camp Avoda at Middleboro, which caters to boys from New York and Boston, said he had written the young campers' parents advising them that every precaution is being taken.

## President Receives Many Gifts From Many Sources

By ED CREAGH

GETTYSBURG, Pa., Aug. 9 (AP) — If part-time farmer Dwight D. Eisenhower holds onto that city job in Washington for another five years or so, he may have to move out of his farmhouse.

The way people keep giving him things for the 189-acre farm, the time could come when there wouldn't be enough room left for the President, his wife and his golf clubs.

Cows, farm equipment, furniture — "Most everywhere the President goes somebody gives him something. And Ike Eisenhower goes a lot of places."

Nobody has troubled to keep books but it's known that the President has received at least eight head of livestock, mostly black angus, since word got around he was interested in building a herd.

This is in addition to, among other things:

Two pigs, one of them named Pansy.

A flock of chickens.

A chain saw.

A spice box for Mrs. Eisenhower.

An antique sofa and an equally antique fireplace mantel, both presented by the White House staff.

A 30-foot flagpole and a hand-carved Main Pine American eagle.

A silver Paul Revere bowl.

And, most recently, from the American Legion Boys Nation, a 2½-horse power cultivator.

Probably the most elaborate gift has been a complete flower garden, set up at a Washington flower show last year and later moved into the Eisenhower farm on the Gettysburg Battlefield. Right pretty one, too. Serpentine brick wall and everything.

All sorts of people bestow gifts breeders, republican clubs — even democrats. The latest black angus heifer, Blue Bonnet, was presented at a women's national press club affair by Democratic congressional leaders Sam Rayburn and Lyndon Johnson, of Texas.

Usually the people who make these gifts have nothing to gain from the White House — except, sometimes, a little incidental publicity. The makers of one piece of farm equipment, for instance, were overjoyed that their trade name showed up in news photographs.

Giving things to presidents is an old American custom — and one that the presidents sometimes regard with a little more than a shrug.

"That's the way it always is," Harry S. Truman once remarked. "People wait until you have everything in the world and then they give you something."

Eisenhower likewise tossed off a good-humoredly ironical remark when he wound up a New England trip laden down with everything from (you guessed it) two calves to a little evergreen tree (now planted on the farm) from Skowhegan, Me.

Receives Many Gifts

"I have accumulated so many gifts," he said, "that I am moved to remind the chairman there is one very important thing he forgot he should have provided a truck to carry them in."

Only a fraction of the gifts made to Eisenhower are for his farm. "Official" gifts, such as art works

made-on-a-sewing-machine tapes-try portrait of himself and Mrs. Eisenhower, a gold nugget set into a tie pin, a Hopalong Cassidy good luck charm from a small girl admirer, a solid gold desk set valued at \$5,000.

He maybe — and, in fact, has been — sent Bibles in 78 languages, a gold-plated horseshoe, a guaranteed original shillelagh, a section of the original rail used in completing the first cross-country railroad, and the collected speeches of a man he heard a lot about in 1952, Adlai E. Stevenson.

stay in the White House or go to such public places as the Smithsonian Institution. Others go to the Eisenhower Museum in Abilene, Kan.

In an average year the President will receive such oddly assorted items as a 100-pound cake in the form of a Christmas tree, a

## STAN KENTON PLAYS HERSHEY

HERSHEY, Pa. — Stan Kenton, for five years winner of Down Beat Magazine's popularity poll as leader of the nation's number one orchestra, will appear with his 20-piece band at Hershey Park Ballroom on Saturday evening.

Originator of the "Progressive Jazz" movement, Kenton has recruited the most talented sidemen in the musical world to interpret his concept of dance music. Throughout the evening he'll spotlight many of these outstanding musicians in solo passages.

One of the highlights of the evening's program will be the introduction of Ann Richards, Kenton's new song stylist. Already on her way to fame with the release of her first record, "A-Ting-A-Ling," with the Kenton orchestra, Miss Richards will be remembered as having appeared formerly with Charlie Barnet.

Red McCarthy and His Orchestra, of Harrisburg, return to the park bandshell for an encore engagement Sunday afternoon and evening. Concerts are scheduled from 2 until 4 and 7 until 9 o'clock.

Myriam France, aerial contortionist, will appear at the park athletic field for the final times on Sunday, to be followed next Tuesday by Janet and Paul, aerial perch performers. Performances are presented twice daily, at 4:30 and 9:30 o'clock.

## Harmonica Holder Strangles Boy, 13

LANCASTER, Pa. (AP) — Larry George Wealand, 13, was strangled in his bedroom yesterday by a harmonica holder he had rigged up himself. He was found slumped over the edge of his bed with one end of a belt tied to a metal rod at the head of the bed and the other end looped around his neck.

The support was designed to hold a harmonica to his mouth and free both hands to play a guitar. A deputy coroner said the mattress apparently slipped off the edge of the bed and carried the youth with it, causing the belt to tighten around his neck.

## Stiff State Boxing Code Awaits Leader's Signature

HARRISBURG (P)—Gov. Leader's proposed new boxing code, designed to bring "honest — not rigged" boxing to Pennsylvania, was over its final legislative hurdle today.

The measure was passed, 48-0, by the Republican-dominated Senate last night but it cannot be forwarded to the governor for signature until the House returns from its recess Aug. 29.

Before becoming law, it must be signed by House Speaker Andrews during a session of the lower chamber.

**May Present Amendments**  
The bill passed the House, 189-1, Aug. 3.

Just before Senate passage of the bill, Sen. Mahany, Republican floor leader, indicated that amendments may be presented later to alter the code.

"These amendments may or may not be good," Mahany said, adding: "However, since the aim of this bill is to clean up boxing we don't want to stand in the way of speedy enactment."

**Suspension Change**  
He said that if after consideration any amendments are needed, the bill can be recalled from the governor before it is signed.

Removal of an indefinite suspension of all professional boxing within the state hinges on the code actually becoming law. Gov. Leader last week ordered the original 90-day ban extended until the measure is enacted into law.

Under the proposed code, all three members of the state Athletic Commission would be empowered to order an immediate temporary suspension of any license or permit holder upon a written and verified complaint charging violation.

**Need State Permit**  
At present, the commission must conduct a hearing before ordering a suspension.

Another major provision would require out-of-state promoters taking part in bouts in Pennsylvania to hold a state permit, a practice not now required.

In proposing the code, the governor said it would provide Pennsylvania with the "most enlightened athletic code of any state in the union."

**Sole Control**  
It would grant the commission "sole direction, control and jurisdiction over all amateur and professional boxing and wrestling contests and exhibitions held within Pennsylvania."

Other major provisions include:  
A ban on sham or collusive contests with a definition of such a bout as "one in which one or both of the participants does not use his best efforts and skill and strive earnestly in good faith to win."  
A prohibition against any licensed doctor, referee, judge or promoter from having a direct or indirect

financial interest in any boxer or wrestler.

**Stiff Penalties**  
A requirement for the licensing of all boxers, wrestlers, managers, seconds, trainers, matchmakers, timekeepers, referees, judges, announcers, physicians and booking agents or agencies.

Establishment of a nine member medical advisory board to prepare standards for physical and mental examinations.

Violations of the code would be punishable by fines up to \$5,000 and jail sentences up to three years. It would be effective immediately upon signing by the governors.

**Stricter Regulations**

Stricter licensing regulations would bar anyone addicted to the "intemperate use of alcohol" or to the use of narcotic drugs. Twenty reasons upon which license revocation or suspension could be based would be enumerated. They include the commission of fraud or deceit in securing a license or unprofessional or unethical conduct.

All wrestling bouts would have to be advertised as exhibitions and not contests under the proposal. And a long standing rule of the commission against women boxers or wrestlers would be written into the law.

## MOSS STUDIES AGENCY POLICY ON INFORMATION

By MARTHA COLE

WASHINGTON, (P)—Just what kind of information do government agencies withhold from the public, the press, radio and TV and Congress — and why?

Do the agencies give out enough information to keep the public informed of what goes on in its government?

A House Government Operations subcommittee set out today to determine the answers. It was established specifically to inquire into government information policies.

**Quiz Agencies**

It sent out 5½ pages of questions asking all federal executive and independent agencies to explain by Sept. 15 their practices and policies in giving out information.

Said the subcommittee chairman, Rep. Moss (D-Calif.):

"Through a cooperative effort we can determine the basic information policies of the federal agencies and find out, once and for all, whether there is arbitrary and capricious action because of a lack of definite, consistent policies."

In announcing the study last June 23, Chairman Dawson (D-Ill) of the full Government Operations Committee said accusations had

been made that government agencies are withholding and suppressing information. He did not identify the accusers.

**Criticize Directive**

Criticism has been focused on a March 29 directive from Secretary of Defense Wilson saying that information from the Pentagon must be "constructive" to the mission of the Defense Department. A Pentagon spokesman said later the criteria was not meant to be applied to newsmen's questions but only to information originating in the department's public relations offices. The directive has been criticized by some professional newsmen's organizations.

The House group had 80 questions on its questionnaire, divided into three general groupings of information to the general public, to the press and to Congress.

## City Council Hears "Free Loading" Cry

CHESTER, Pa. (P)—Councilman Vincent Sanbe says he will make a full investigation of charges that the Department of Streets is full of "free loaders."

The charges were made by Vincent Bonacquisti, fired yesterday by City Council from his job as assistant foreman in the streets department.

Bonacquisti charged that department employees took gasoline from city pumps for their own

## HEEDS ADVICE FROM PAPA AND TAKES \$32,000

NEW YORK (P)—Shoemaker Gino Prato, still accustomed to following his father's advice at the age of 55, has taken his \$32,000 Question. A cable from Papa Prato in Italy advised: "Stop where you are. That's enough this way. Regards, Daddy."

And that's what the Bronx cobbler, with the pleasing ways and amazing operatic lore, did last night.

Before a jammed studio and a vast television audience, Prato took a check for the \$32,000 he had won so far. He translated the cable from Genoa, and said: "Because I take my Daddy's

use and listed Sunday and overtime work without appearing on the job.

The council fired Bonacquisti after reading a resolution calling for his dismissal because of alleged "unsatisfactory services."

The total U. S. mileage of railroad line in 1954 was compared to 250,272 in 1925.

advice all my life, I accept." Prato said he received the cable from his 92-year-old father this week, in the midst of a dilemma over a deluge of "do" and "don't" advice from well-wishers.

**No Takers Yet**  
No one yet has tried for the grand prize on the CBS-TV giveaway show.

If Prato had taken a chance and lost, he would have received an expensive automobile as a consolation prize.

Under the policy of the show, the opera question Prato would have faced last night will remain a secret.

Prato in his studio remarks said a local radio station, WOV, recorded his voice and sent it to Italy for his father to hear in the small town of Stale, near Genoa, and then brought back a recording of the father's voice for the cobbler to hear—for the first time in 33 years.

"Crying All The Time" "I was crying all the time," the

**Changes Doubtful**  
In short, even though two thirds of the U. N. members approved, any one of the Big Five could block any changes simply by its parliament or congress saying no.

In the case of the United States, there would be no approval unless two thirds of the Senate gave their blessing.

Any change in the charter in the foreseeable future is unlikely. There is no world clamor for it. Far from it. Russia already has expressed opposition to changes at this time. That in itself, unless the Russians have changed their mind, kills any chance of revision.

As long ago as 1953 the Eisenhower administration, principally through Secretary of State Dulles, was on record in favor of a conference to consider changes. But that, as pointed out, is a long way from actually approving any changes.

And by this time the administration may have had second thoughts on a conference. Former Presidents Truman and Hoover last spring both said they thought there was small chance of revisions in the charter now.

A fight within the U. N. itself on changes might not only damage the organization but wreck it, particularly if the United States and Russia, which have been getting along better lately, wound up in a slugging match.

**WHAT MAKES A "CERTIFIED" USED CAR?**

It has to be a good car to begin with or it never is marked CERTIFIED.

When a car is traded in on a new Studebaker, it is carefully checked. If it is a good, dependable car it is thoroughly inspected, and repaired and reconditioned as necessary. Then it is marked CERTIFIED and offered for sale. There are no "junkers" among CERTIFIED used cars.

## CANADA PLANS ATOMIC POWER IN TEN YEARS

By FRANK CAREY  
AP Science Reporter

OENEVA (AP) — Canada reported today that within 10 years she may be producing atomic power that can compete in some areas with coal and water power.

And from 1970 on, two Canadian experts told the 72-nation atomic-for-peace conference, atomic power may begin to emerge "as a major, if not the major, source of electricity in Canada."

J. Davis, an economist of Canada's Department of Trade and Commerce, and W. B. Lewis, research vice president of the Dominion's atomic project at Chalk River, Ont., made the report.

### Wide Duplications

They explained that Canada presently is well endowed with resources for the production of electricity by conventional means "but,

raised the possibility of producing power at 7 mills per kilowatt hour within the next 10 years.

A mill is one tenth of a cent.

"Atomic energy plants with an even better performance than this may well be under construction in Canada before 1965," they added.

The Canadians said that because of their country's abundant water and coal resources, nuclear power must drop below 8 mills before it can compete "anywhere in Canada."

Different At 6 Mills

"At 7 mills," they continued, "it might be able to compete with hydro or coal-fired steam power. However, these demands would be limited (in the near future)."

"But at 6 mills, the situation is different. The highly developed power-consuming region of southern Ontario—where imported coal will soon be the only alternative—could absorb large blocks of power in this cost range without creating even a temporary surplus of generating capacity."

They explained that Canada presently is well endowed with resources for the production of electricity by conventional means "but,

insofar as the more highly industrialized regions are concerned, power costs are from now on expected to follow an upward trend.

"The advent of nuclear energy, therefore, has important implications. The least it will do is set a ceiling on power costs in the less fortunate areas of the country. Probably, and because of its leveling influence, it will reduce the wide discrepancies in the price of electricity which now exist between one Canadian power-consuming region and another."

managing tear gas guns and fire hoses.

The milling demonstrators, continuing South Korea's campaign to drive out Communist members of neutral trade inspection teams, broke up quickly before the determined stand.

Waving banners and chanting slogans, the mob drove as far as barbed wire barricades thrown up by the Americans, then faltered and retreated.

They were trying to reach the billets of Czech and Polish members of the inspection groups stationed on the island just outside

the port of Incheon.

### Third Attempt

It was the third attempt to storm the island in five days. The disorders began last Saturday with an ultimatum for the Communist inspectors to get out by midnight next Saturday.

Twenty-two Americans and 80 Koreans have been injured, none seriously.

The Incheon demonstration contrasted sharply with the comparative quiet that settled over the other four ports where the inspectors operate.
